

# P.790 UDI

## SPEEDFOAM IN THE ULTIMATE DRIVING IRON

After experiencing increasing demand from the world's best golfers on Tour, we are bringing the Ultimate Driving Iron to golfers everywhere with the P790 UDI. Offering SpeedFoam in a TaylorMade driving iron for the first time ever, the P790 UDI delivers ground breaking distance and accuracy.

TOMO BYSTEDT | SR. DIRECTOR | PRODUCT CREATION

### BREAKTHROUGH DISTANCE

- SpeedFoam pushes the limit of COR for groundbreaking distance in a forged iron
- Ultra-thin 1.75mm face thickness with mini-ICT
- High-strength forged 4140 carbon steel, wrapped face construction, and soft carbon steel body

### ELEGANTLY CRAFTED DESIGN

- Minimal offset offering a clean look at address
- Straighter topline, and refined shaping

### PROJECT X HZRDUS BLACK 85 SHAFT

- Features increased stiffness and control, built for the stronger, more aggressive golfer
- Shaft was specifically chosen for the player demanding accuracy. Low launch/Low spin 85g shaft with 2.5 torque
- Available for custom build with an extensive offering of steel and graphite (0.355) options
