

THE SPEED OF LITE

After seeing incredible popularity in Asia, our Gloire line has been reimagined for the global market. As the most premium product line we have created, M Gloire™ features best-in-class materials and industry leading technologies. With a focus on achieving maximum performance and ease of play in a lightweight package, M Gloire is the ideal iron set for golfers who expect the very best.”

Daisuke Takaesu | Asia Product Manager

COMPLETELY OPTIMIZED FOR SPEED

- Every component has been meticulously engineered for maximize speed
- Larger and lighter head paired with ultralight shaft and grip provides a lower overall weight for effortless speed

PREMIUM TECHNOLOGIES

- RIBCOR HT (Heel, Toe) enables better sound and manages flexibility in M Gloire’s larger, more forgiving head size
- Massive 32g tungsten weight provides high launch while increasing stability for more forgiveness
- Speed Pocket™ provides more distance on shots hit below center
- 3-stage sound damping system enables soft feel and a solid sound

CONFIDENCE INSPIRING DESIGN

- Large address shape for added forgiveness
- Progressive sole width for optimum playability and clean turf interaction
