

# STEALTH

## FAIRWAY

FEATURE	BENEFIT
<b>3D CARBON CROWN</b>	The new 3D carbon crown pulls mass away from the high toe area, allowing more weight to be positioned rearward for optimal forgiveness and maximum playability.
<b>ADVANCED LASER ALIGNMENT</b>	Providing vital contrast between face and crown, the laser etched alignment aid is designed to highlight directional alignment for boosted confidence and accurate aim.
<b>V STEEL™ SOLE DESIGN</b>	Refined weight distribution for enhanced forgiveness while maintaining optimal launch properties. It stays true to its heritage by improving turf interaction and versatility.
<b>TWIST FACE®</b>	Uses corrective face angles designed to overcome inherent golfer tendencies on mis-hits and to produce straighter shots.
<b>THRU-SLOT SPEED POCKET</b>	Our most flexible Speed Pocket™ design is engineered to maximize ball speeds and produce additional forgiveness on low-face strikes.
