FEATURE	BENEFIT
3D CARBON CROWN	The new 3D carbon crown pulls mass away from the high toe area, allowing more weight to be positioned rearward for optimal forgiveness and maximum playability.
ADVANCED LASER ALIGNMENT	Providing vital contrast between face and crown, the laser etched alignment aid is designed to highlight directional alignment for boosted confidence and accurate aim.
V STEEL™ SOLE DESIGN	Refined weight distribution for enhanced forgiveness while maintaining optimal launch properties. It stays true to its heritage by improving turf interaction and versatility.
TWIST FACE®	Uses corrective face angles designed to overcome inherent golfer tendencies on mis-hits and to produce straighter shots.
THRU-SLOT SPEED POCKET	Our most flexible Speed Pocket™ design is engineered to maximize ball speeds and produce additional forgiveness on low-face strikes.
BUILT FOR YOUR SWING	An alternative colorway gives the Stealth Women's fairway a striking metallic finish. With an array of components in the Custom Shop, including lightweight shafts, grips and more, Stealth Women's fairway can be built to match any swing.

LAUNCH AND SPIN	FLIGHT BIAS
Mid-High Launch with Mid-Low Spin	Neutral
