

“ At TaylorMade, we strive to build the best performing products across all categories. Kalea *ULTRALITE* expands on that heritage with a complete set that has been specially engineered with lighter weights to improve distance and launch.

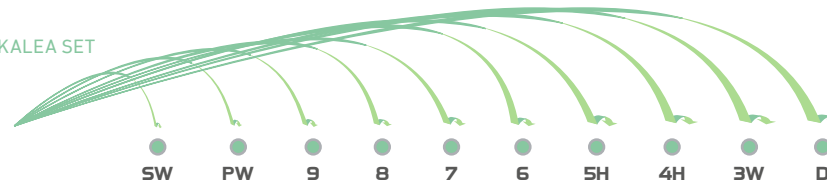

TOMO BYSTEDT
SENIOR DIRECTOR, PRODUCT CREATION

LIGHTER WEIGHT, FASTER SWING

TRADITIONAL SET

KALEA SET

TECHNOLOGY FEATURES

- **ULTRALITE shafts and Speed Pocket Technology work collectively to increase launch and ball speed, resulting in more carry with maximum distance**
- **Each club features an individually optimized weight, length, loft, and design for proper gapping between clubs**
- **Low, deep center of gravity makes it easier to get the ball in the air**
