<b>80G V STEEL™ SOLE PLATE</b>	Mass from the heavy 80g V Steel™ sole has been reengineered for forgiveness while improving turf interaction and versatility.
<b>TITANIUM ZATECH™ TWIST FACE</b>	This breakthrough in materials technology enables TaylorMade engineers to push the limits of ball speed using an ultra-strong and thin face. It pairs with Twist Face to promote straighter shots.
<b>ADVANCED LASER ALIGNMENT</b>	Providing vital contrast between face and crown, the laser etched alignment aid is designed to highlight directional alignment for boosted confidence and accurate aim.
<b>ENHANCED PLAYABILITY</b>	A 175cc head has been meticulously shaped to meet the needs of the world's best players while inspiring confidence for all skill levels. The face is now 12% larger as compared to SIM2, but maintains a similar address size for enhanced playability and shot making.
<b>THRU-SLOT SPEED POCKET</b>	Our most flexible Speed Pocket™ design is engineered to maximize ball speeds and produce additional forgiveness on low-face strikes.
