

Exchange the Face for Fresh Grooves and Maximum Backspin

FEATURE	BENEFIT
Exchangeable Face Technology (xFT) to easily exchange a worn clubface for a new one	Fresh grooves and a rough face surface promote maximum backspin and control
Fully CNC-milled clubface	Four-step process produces a perfectly flat face and perfectly formed high-performance grooves
Thin urethane layer behind the clubface	Ensures the face fits precisely into the milled pocket while promoting soft feel
Classic tear-drop shaped clubhead with nickel-chrome plating and pearl finish	Beautiful, playable and durable
KBS High-Rev shaft	Specially designed to promote increased spin
